

History

Founded in 2007, YNPN Boston provides support and resources to young nonprofit professionals in the greater Boston area. We received official 501(c)(3) status in 2014 and entered into an affiliation agreement with the national organization in 2016.

Empowering and connecting tomorrow's nonprofit leaders through...

- Networking events
- Listserv communication network
- Professional development workshops
- Professional development grant funding

2020 - 2021 Goals

1

Provide opportunities for young professionals, including members of the YNPN Leadership Team, to build or strengthen the competencies for emerging nonprofit leaders and foster connections among the Greater Boston nonprofit community.

2

Enhance the Leadership Team experience to promote professional growth, skill development, and a strong talent pipeline within YNPN Boston.

3

Provide opportunities for young professionals to learn about anti-racist practices in their personal/professional lives and within the nonprofit sector.

4

Ensure the organization's sustainability and strengthen the internal transfer of knowledge process

Mission

To develop a stronger, higher impact nonprofit community in Boston by engaging young talent and their organizations in professional development and human capital management practices.

Our Impact

We host monthly networking events (40-60 attendees) and quarterly professional development events (20-50 attendees). We are active on social media with over 8,500 followers, have a robust listserv with over 4,500 subscribers, and maintain a content-rich website at ynpnboston.org. We launched a Competence Model for Emerging Nonprofit Leaders and the Chris Herron Professional Development Fund.

The Chris Herron Professional Development Fund provides grants to emerging nonprofit leaders in the Greater Boston area to participate in professional development opportunities that they may not otherwise have access to. Approximately \$2,000 is awarded each year.

"This opportunity exceeded my expectations for meeting diverse people doing similar work and building my network. I've never been able to surround myself with other people of color to talk about racial equity work and think together."

- 2018 Fund Recipient

Following the September 2020 professional development event, 63.6% of attendees felt more knowledgeable about the core competencies, 73% of attendees said they made meaningful professional connections, and 90.9% of attendees would recommend YNPN Boston events to another young, nonprofit professional.
