Beyond skill-building, our Leadership Team is a network of over 30 like-minded, driven emerging leaders in Greater Boston's nonprofit community! Spring 2025 - Open Positions

Ambassadors commit to serving a one-year volunteer term on one of the following YNPN Boston teams.

Programming & Events

Ambassadors on this team will work closely with the Co-Directors to plan, organize, and execute monthly networking and professional development events. We are focused on offering a range of engaging events to move the nonprofit sector forward by building capacity, relationships, and transferable skills. Ambassadors typically assist event planning and execution by having delegated responsibilities such as sending event emails to our Network, gathering supplies such as refreshments, and "working" events by attending, setting up and representing P&E and YNPN Boston. They will also have the opportunity to have ownership over a few events per year, taking point from the concept stage to execution. This is a great opportunity to gain experience in nonprofit event management with a fun, committed group of young nonprofit professionals.

Communications & Marketing

This team oversees external communications for YNPN Boston with a focus on enriching and growing the organization's online presence and brand awareness. C&M manages the YNPN Boston website, blog, listserv, and social media channels—developing and curating content, creating graphics, monitoring and responding to interactions from members, maintaining the technical side of these communications channels, and evaluating their reach and effectiveness. They also oversee organizational messaging and branding, create tools and templates to maintain consistent organizational look and voice, and help implement initiatives. With increased capacity, the team hopes to explore more avenues for digital communication such as email marketing.

Fundraising

In the upcoming year, the Fundraising Team will continue to enhance and deepen its fundraising efforts through a variety of funding streams such as: individual giving, event and/or corporate sponsorships, and in-kind donations. We encourage creativity and the exploration of new opportunities. Ambassadors will gain hands-on development experience from the ground up and have the opportunity to closely collaborate with other YNPN teams such as Communications & Marketing and Programming & Events. No previous fundraising experience is required as we welcome skilled and motivated individuals from all disciplines and diverse backgrounds. Got an out of the box idea? Explore it here!
